11. Has there been any previous appeal, request or application to this Board or to the Planning Board involving these premises? If yes, state the nature of the application, date of application, date of hearing and result received from Board.

 Not to our knowledge

12. **For all applications:** Attach to this application a statement of facts showing why the relief sought can be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the Sea Isle City Master Plan and Zoning Ordinance. State why variance relief can be granted without substantial harm to the neighborhood and without significant overturning of the Master Plan.

13. **For "c(1)" Variances:** Attach to this application a statement specifying the hardship/exceptional conditions of the specific property involved that justify the granting of a variance pursuant to N.J.S.A. 40:55D-70c. State what is unique about your specific piece of property, noting such things as an exceptionally narrow, deep, or otherwise unusually shaped lot; physical features located on the lot that prevent its use in a normal manner that would be allowed by the existing zoning; or the specific location of existing structures that limit compliance with the required zoning. Note how the circumstances relating to your particular lot differ from other lots in the neighborhood. State what hardships would result should the variance not be granted to you. Please note that monetary hardship is considered a personal hardship, and is NOT A REASON for this type of variance relief.

14. **For "c(2)" Variance:** Attach to this application a statement setting forth the facts supporting your position that the purposes of the Municipal Land Use Law would be advanced by a deviation from the Zoning requirements in question, and that the benefits of that deviation would substantially outweigh any detriment to the zoning ordinance or master plan, pursuant to N.J.S.A. 40:55D-70c(2). Among the purposes of the Municipal Land Use Law are the following: promotion of public health, safety and welfare; provision of adequate light, air and open space; establishment of appropriate population densities; provision of sufficient space for agricultural, residential, recreational, commercial and industrial uses and open space; promotion of a desirable visual environment; conservation of historic sites, districts, open space and natural resources; encouragement of senior citizens housing. Cite which of these apply to your application and further, cite the characteristics of your land that will present an opportunity for improved zoning and planning to benefit the community.

15. **For Use and other "d" Variances:** Attach to this application a statement setting forth the special reasons for granting this variance pursuant to N.J.S.A. 40:55D-70d. "Special reasons" exist where a proposed project carries out a purpose of zoning (such as those noted in Section 14 above), or where the refusal to allow the project would impose an undue hardship on you (note that a personal hardship, such as monetary hardship or a hardship you create, cannot form the basis for granting a variance). If you are seeking a use variance, you should also state why the property at issue cannot reasonably be developed with a use permitted by the Zoning Ordinance.

16. **For all applications, if an application was first submitted to and denied by the Zoning Official:** Set forth specifically the determination of the Zoning Official from which an appeal has been filed and the basis for the appeal (N.J.S.A. 40: 55D-70a), or attach a copy of the Zoning Official's letter to you.

17. **For Interpretation Requests:** Set forth specifically the Zoning Ordinance section and provisions and/or the portion of the Zoning Map for which an interpretation is sought. Explain what interpretation you are seeking. (N.J.S.A. 40:55D-70b).

18. List all professionals employed by the applicant in completing the application to the Zoning Board of Adjustment and/or intended to be called as witnesses at the hearing on the application.

Name	Address	Phone	Fax

12, 15- The property is a 50x110 parcel that contains two adjacent residences on separate 25x110 parcels with a party wall. The property is zoned C-2. As such, the parcels are non-conforming in size and use among other requirements. To our knowledge the property has always had a residential use. Applicant owns both adjacent parcels and is proposing to consolidate them into one (1) parcel with a new duplex residence designed to meet all R-2 Residential Zone requirements. The property has never been used for commercial purposes and is located one lot in from Landis Avenue. All properties to the West on both sides of 50th Street are residences. Applicant believes the best use given the existing development of the neighborhood is continued residential. A commercial use on the parcel would result in higher density, less open space and no parking for any commercial use. A continued residential use in a new structure meeting all R-2 requirements would improve fire and flood safety and better fit the existing neighborhood.
