ARTICLE XXVII - DRUG TESTING POLICY

- A. It is mutually recognized that the City, as a public employer, has a zero tolerance policy for any employee being under the influence of drugs or alcohol at work.
- B. All blue collar employees (both CDL and non-CDL) shall be required to submit to random drug/alcohol tests. Such testing shall be randomly administered, with a selection process that ensures all employees have an equal chance of being tested.
- C. Procedure:
 - 1. The City shall require its testing vendor to take split samples for all drug tests. If a sample tests positive, the paired sample shall be tested to confirm results.
 - 2. An employee shall be provided the opportunity to explain any prescription medications to the testing company prior to reporting results to the City.
 - 3. Testing shall be conducted with as much discretion as possible.
- D. The following penalties shall be imposed for drug tests resulting in a positive for illegal or controlled substances:

It is understood by the parties that extenuating circumstances, such as damage to property, may result in a disciplinary penalty in excess of the above schedule.

Loss of CDL privileges due to drug testing by the City or loss of CDL license for any other reason shall result in loss of CDL stipend for the year and for each year thereafter until the CDL license is restored. Such loss and reinstatement shall be on a pro-rated basis.

- E. Any employee who receives a positive test result will be immediately removed from work upon the City’s receipt of that result.

ARTICLE XXVIII - JOB SECURITY

- A. This will confirm the understanding between the parties regarding some of the efforts the City will undertake to lessen the impact of possible privatization initiatives or the closing of City's facilities that could possibly occur and which impact it may have on employees in CWA.
- B. In the event the City seriously considers privatization of a facility or function for purely fiscal or economic reasons impacting negotiation unit employees, the City agrees to give the Union reasonable advance notice, but not less than 90 days prior to actual closure or privatization and, upon not less than 90 days prior to actual closure or privatization and, upon request, to meet with the Union to give the Union an opportunity to present its position on the economic issues. The Union shall be given the opportunity to demonstrate that unit employees will do the same work more efficiently than a private contractor. The City agrees to provide the Union with relevant cost information necessary to enable the Union to develop its economic position, including public documents. The City will meet with the Union within thirty (30) days of the issuance of this information. When the privatization decision is based upon policy reasons, and will result in a layoff or job displacement of bargaining unit employees, the City will give the Union reasonable advance notice of its decision and, upon request, meet with the Union to explain its rationale and discuss the impact on affected employees. It is understood that in any event, the decision to privatize is a managerial prerogative that may not be subject to the negotiation process.
- C. The efforts the City will undertake to alleviate the impact on employees laid off as a result of such actions shall include one or more of the following as appropriate under the existing circumstances and shall be subject to discussions between the City and the Union:
1. Establishing preferential hiring lists with the private employer;
 2. Establishing hiring freezes for positions determined to have the same or similar duties and responsibilities at other City locations within the department affected to create openings which will be filled by qualified laid off employees and, if practicable, by employees targeted for layoff.
 3. Continuing health coverage under COBRA which the City will pay for a certain limited transition period but not less than three months in duration; and
 4. Providing training for qualified employees to the extent there are openings and laid off employees require training to fill them.
- D. The City agrees to make good faith efforts, which shall include compliance with all DOP regulations to lessen the possibility of the layoff or demotion-in-lieu of layoff of employees in the bargaining unit. Where practicable, these efforts will be made whenever workers are placed at risk through privatization, or program reductions or eliminations for reasons of economy, efficiency, or other reason. The efforts the City may take to lessen the possibility of layoff or demotion may include, wherever practicable, voluntary reduced work time and voluntary

layoff or demotion, which shall be offered to employees before the employer takes involuntary action to reduce the workforce. Consistent with DOP regulations, the City will consider the following pre-layoff actions prior to any permanent employees being laid off or demoted:

1. Hiring and promotion freezes;
 2. Separation of non-permanent employees;
 3. Returning provisional employees to their permanent titles;
 4. Securing of transfers and reassignment to other employment; and
 5. Filling of existing vacancies.
- E. Good faith attempts will be made to fill positions determined by the New Jersey Civil Service Commission to have substantially the same or similar duties and responsibilities at other City locations by qualified laid off or demoted employees and, if practicable, by employees targeted for layoff. As practicable, the State shall train "at risk" employees to allow movement from the "at risk" location to work locations within or outside the appointing authority where positions are available. It is understood that all such actions must be consistent with operative law and DOP regulations. In the event the City seriously considers privatization of a facility or function which could result in the layoff or displacement of bargaining unit employees, the City agrees to give the Union reasonable advance notice, but not less than 120 days prior to the awarding a privatization contract to perform the work.
- F. Accompanying the notice will be a detailed accounting of all costs under the privatization and a comprehensive cost analysis. The parties shall mutually select an independent outside auditor to determine whether substantial cost savings will occur if the privatization occurs. Where the independent auditor determines that there is no substantial cost savings, the City will undertake best efforts to ensure there shall be no layoff or adverse economic impact on City employees. Where there is substantial cost savings, and the City chooses to privatize, the City agrees to use the displaced worker pool in order to lessen the impact of such layoff. If there is a pending or proposed general layoff, the City shall review existing private contracts for work similar to that of the employees considered for layoff or dislocation. Unless a cost analysis shows substantial cost savings for those existing private contracts, the City will use its best efforts to bring the work performed under the private contract(s) back in house and the City shall use the displaced worker pool to keep workers employed while the City determines whether to bring such work back in house.
- G. Effective with the signing of this agreement, if privatization is undertaken as a substantial cost savings, the City Auditor or a mutually-selected independent outside auditor will conduct periodic post audit cost analysis to determine whether or not there continues to be substantial cost savings. Where there is not substantial cost savings, the City shall make its best efforts to bring the work back in house.

ARTICLE XXIX - CIVIL SERVICE – NO CONFLICT

Section 1. In the event that any portion of the forgoing contract shall be held in violation of any Federal or State Law or Regulation, or New Jersey Civil Service Rules and Regulations, those provisions shall be deleted from the contract and the balance of the contract shall remain in full force and effect as if said provision were not included within this contract, however, in conjunction with any provision in this agreement being removed as stated above, the Union and the City shall negotiate a new provision that will cover the Article that was found to be in violation of any Federal or State Law or Regulation, or New Jersey Civil Service Rules and Regulations. Negotiations shall only cover the Article that was to be removed for the violation. Such negotiations shall be under the rules and regulations of the Public Employment Relations Commission (PERC).

Section 2. It is intended that the administrative and procedural provisions of the New Jersey Civil Service Law and regulations are to be observed in the administration of this agreement where applicable, except and to the extent that such administrative and procedural provisions would violate or otherwise interfere with the enforcement of the terms set forth in this agreement.

Section 3. It is further understood that if there were to be a material change in the Civil Service Laws and or regulations after the collective negotiations agreement is executed, or if the City decides to no longer be a Civil Service jurisdiction that the administrative and procedural provisions of the Civil Service Laws and Regulations as set forth at the time of execution of this agreement shall continue in full force and effect and shall be part of this agreement until modified by the parties. The parties agree to meet and negotiate in good faith on provisions in the contract that mention or reference Civil Service Rules and Regulations. The parties to this agreement shall meet and discuss transition issues in the event that there is a decision by the governing body to seek to no longer be a Civil Service jurisdiction or if any provisions of Civil Service are waived. These meetings shall commence no later than 120 days prior to the date the City would no longer be a Civil Service jurisdiction if that date is known that far in advance, or within 30 days of when that date is known.

Section 4. In the event the New Jersey Civil Service eliminates or consolidates into a single title any job title which is currently in the bargaining unit and workers are placed into either an existing job title or a newly created job title, the employer agrees to negotiate over the wage rate of the job title(s) in which workers are placed if there is no wage rate to cover that particular title. Such negotiations will only be concerned with the wage rate for the newly created title and will have no effect on any existing rates in the salary scale. Additionally, in the event that two or more existing job titles which are currently paid at different rates are consolidated into one title, the pay rate of the affected employees shall be negotiated between the parties.

**ARTICLE XXX - PAYMENT AFTER EXPIRATION OF
CONTRACT**

The parties agree that during the negotiation of a successor agreement and/or the expiration of an agreement all employees shall continue to receive any and all licensing fees and promotional increases. Upon ratification by both parties of the successor agreement any newly negotiated increases will then be applied retroactively to January 1 of the successor agreement.
