How YOU can Go Green

- Dispose of trash & recyclables in proper receptacles
- Use reusable items like water bottles, shopping bags, & other containers to reduce single-use waste
- Conserve water by taking shorter showers
- Support local businesses that prioritize sustainable practices
- Drive less: take the Jitney, carpool, ride your bike or walk!
- Conserve Energy: Turn off lights & electronics when not using
- Promote awareness - encourage others to take simple steps to adopt green practices!
- Remember: Reduce, Reuse, Recycle!
